

# *Garfield County*

## *Landfill*

Dear valued customer,

In an effort to remain competitive in the solid waste industry within our area, as well as to continue to provide service/programs, the following tipping fee adjustments will be effective January 1, 2018.

- Cut/Bulk tire rate will increase to \$89.00 per ton.
- Fluorescent Bulbs will be charged at .50 each.

We apologize for any inconvenience or difficulties that this may cause, however we also need to manage the Landfill as a business, while keeping in mind the service we provide to our area.

For questions or concerns feel free to contact the Landfill Manager, Deb Fiscus at 970-625-2516.

We thank you for your understanding and continued business.

Respectfully,

Deb Fiscus, Manager  
Garfield County Landfill
