Garfield County Energy Advisory Board Invites You to a Community Program

PICEANCE BASIN IS THEEmerging Giant Among North America’s Oil & Gas Fields

When: Thursday, December 1, 2016 at 5:30 p.m.
Beginning at 5:30 p.m., dinner and social time is provided for attendees. Meeting will begin promptly at 6:00 p.m.

Where: New Location! Garfield County Rifle Administration Building
Second Floor, 195 W. 14th Street, Rifle, Colorado

Featured Speakers:
Sarah Hawkins, Geologist, U.S. Geological Survey
Robert Downey, VP of Operations, Gunnison Energy

Presentation description: Ms. Hawkins will discuss her report that suggests the area contains 40 times more recoverable natural gas and oil than previously thought. Mr. Downey will discuss how the Piceance Basin’s Mancos shale is the emerging giant among all shale gas fields in North America. The prolific production characteristics of the Mancos shale and horizontal drilling techniques may soon dominate our local oil and gas activity and provide a boost to the local economy.

The Energy Advisory Board is a monthly forum for the public, oil and gas industry, landowners and local government to engage in proactive communication and actions that encourage responsible and balanced development of energy resources.
