Garfield County Energy Advisory Board Invites You to a Community Program

SAFETY CONSIDERATIONS FOR NATURAL GAS PIPELINE CONSTRUCTION, OPERATION AND MAINTENANCE

When: Thursday, March 2, 2017
Beginning at 5:30 p.m., dinner and social time is provided for attendees. Meeting will begin promptly at 6:00 p.m.

Where: NEW LOCATION Garfield County Rifle Administration Building Second Floor, 195 W. 14th Street, Rifle, Colorado

Brian Gardner, Operations Manager, Summit Midstream

Presentation Description: Garfield County’s rural landscape is crisscrossed with over 1,000 miles of natural gas pipelines that transport natural gas and other hydrocarbons from over 11,000 well heads to market and ultimately to our homes. Brian Gardner, Operations Manager for Summit Midstream, will discuss pipeline safety and how pipelines are constructed, operated and maintained in a manner that safeguards the environment and the public in Garfield County.

The Energy Advisory Board is a monthly forum for the public, oil and gas industry, landowners and local government to engage in positive and proactive communication and actions that encourage responsible and balanced development of energy resources.

Resident Calls to Liaison’s Office
February 2017

- 2 Traffic complaints
- 1 Odor complaint
- 18 Information Requests
Ursa Battlement Mesa Activity Summary

- Phase I BMC-B and BMC-D well pads and associated pipeline
  - 2017 County Commission Policy Directive: Liaison attention and focus on O&G development in Battlement Mesa

- Estimated development time frame: Pipeline construction ongoing

- Drilling to begin on BMC-D in late March

- Permits require all drilling and completion activity to be wrapped up within 36 months

- Regular onsite air quality monitoring during drilling and completions
Ursa Battlement Mesa Permit Applications

Ursa Operating Company Phase 2

- Provided County with Notice of Intent for 3 well pads
- COGCC Large Urban Mitigation Area requires formal consultation offer
- County accepted formal consultation offer and hosted initial interagency and landowner site review Feb 28th
Battlement Mesa Zoning change request

Battlement Mesa Partners LLC requesting a new zone district that could allow injection wells (with a Special Use Permit) within a 22-acre area within the PUD

- March 8th, 6p.m. Planning Commission meeting
- Ultimately requires approval by Board of County Commissioners
- If the new zone district is approved: Injection wells would only be permitting via a Special Use Permit requiring further Planning Commission and BOCC review and approval
Garfield County has 4 Active Drilling Rigs
